## WAS IT A CASE OF ABDUCTION?

SERIOUS CHARGE MAY DEVELOP  
AGAINST JOHN MAY, WHITE.

Believed that He Took a Young Girl Off  
and Went Through Form of Marriage  
But Did Not Legally Marry Her—  
Threatened to Shoot Her Parents and  
Was Arrested on Peace Warrant.

John May, a white man, is in jail awaiting trial on a peace warrant. It is more than likely that he will also have to stand trial for abduction.

It is charged that he took a young woman named Stout, daughter of Leonard P. Stout, of Proximity, and carried her off with him going through with a form of marriage. Stout, he thought that she was not doing wrong.

He claims that he and Miss Stout were married at Randleman in inquiry of the Register of Deeds of Randolph county, as made by an attorney interested, brought the news that he issued no license for the marriage of the girl. This fact is construed as argument that May didn't marry the girl at all, only taking her believe that he was marrying her.

It was when the girl left him and went to her father's home at Proximity that May got in an ugly mood and made the swearing out of a peace warrant necessary. The young woman's father got word that May was hanging around and had sworn that he would have the girl or shoot every member of the family.

Mr. Stout came to the city, swore out a peace warrant before Justice Wolfe and last night Mr. Stout served it, bringing May to the city and locking him up in jail. May had sent the girl word to meet him at a certain place. She met him there accompanied by the officer.

## STOP OVER ALLOWED.

Tourists May Spend 15 Days in Greensboro.

Mr. P. D. Gold, Jr., President of the Young Men's Business Association, today received a letter from Mr. S. H. Hardwick, General Passenger Agent of the Southern Railway, stating that the request of Young Men's Business Association that tourists' tickets allow a stop over of fifteen days in Greensboro had been granted. The Association has been working to this end for some time. Mr. Gold having conducted an extensive correspondence on the subject. He says it means a great deal for the city. By means of this arrangement which is effective at once, tourists from any point in the north bound for any point in the south can stop over here and see what Greensboro and the surrounding country are like. It is expected that the new order of the Southern in this particular will result in widely advertising the city. The securing of the order is regarded as one of the most notable achievements of the Young Men's Business Association.

## STAMP WINDOW.

Long Desired Convenience at the Postoffice.

Postmaster Tyre Glenn offers his patrons now what he has long been wanting to offer them—a stamp window separate and apart from the general delivery window.

The stamp window now is the same as the registry window, but as separate clerks for registry and stamps are provided the arrangement will work nicely.

No reform has been more needed at the postoffice. Persons going to buy stamps have had to wait until a long string of people could get waited on for their mail.

Mr. Joe Armfield is clerk at the stamp window while Mr. K. J. A. Ljung continues to preside at the General Delivery window.

## STRUCK BY TRAIN.

Horses Killed and Wagon Destroyed.

Special to The Telegram.

Pilot Mountain, Oct. 28.—Columbus Collins and Sam Love, returning from Winston, N. C., in a wagon, were struck by a train tonight near Dalton. Both horses were killed, the wagon destroyed and the men seriously hurt but will recover. They were brought to Pilot Mountain and are now in the hospital.

## Proposed City Hospital.

The Fair last week interfered with the plans of the establishment of a city hospital here. But now that the Fair is over it is expected that the committee will soon be ready to call a public meeting on this important matter. The meeting will most likely be held one night next week. At the meeting an announcement will be made of some important profits of money and real estate which cannot be made public yet. The movement has every promise of success and it is confidently believed that Greensboro is nearer having a city hospital now than it has ever been.

## Central Carolina Fair.

Secretary King, of the Fair Association, says he thinks he will be able to distribute the premiums as early as Monday.

A letter from an exhibitor who does not live in the city says that the fair was undoubtedly the best held in North Carolina in years. This exhibitor says is the unanimous opinion of scores of people with whom he has talked.

This afternoon Mr. King sent the Telegram the following positive statement regarding payment of premiums: Premiums will be ready to be paid by Monday, Nov. 3.

## Mr. Knight Leaves.

Mr. A. J. Knight, the rural free mail delivery inspector, left last night. He will likely not try to hold another examination for carrier for the new route lately established, but will get a carrier for that route out of those examined for the first four routes. Mr. Knight was unable to say when the routes would be put in operation.

## Were Quietly Married.

Mr. Guillard and his bride will come to Greensboro.

## FOUND UNCONSCIOUS.

A Colored Bootblack Comes to Grief.

William Poteat, a young colored man who worked as bootblack in Ferguson's barber shop on South Elm street, was found unconscious with his skull crushed this morning in the ditch beside the railroad between East Washington and East Market streets. The Dean, colored, was the first man to see Poteat. He was on his way to his work. He carried the wounded and unconscious man to a porch, near by. Later Poteat was carried to a house on Gilmer street. His head was found to be badly injured in two places and at one of them the doctors said the skull was fractured. There are several theories as to how he came to receive his injuries. He may have been drunk and in this condition may have tumbled down the end of a cross tie and been knocked off by a passing train. It is known, however, that other bootblacks in the city didn't like Poteat, who came here from Winston, because of the superior clothing which he wore and his rather supercilious demeanor. So it is thought by some that he was set upon and beaten by other bootblacks. He is still unconscious and may die of his injuries.

## IN FAVOR OF CITY.

Supreme Court Hands Down Important Decision.

The Supreme Court of North Carolina yesterday decided in favor of the city in the cases of Scott vs. the City of Greensboro and Byrd vs. the City of Greensboro, which cases were won by the city in the Superior Court and appealed to the Supreme Court. The suits were brought as a result of an accident some years ago which occurred while the book and ladder company was out practicing. During the practice a ladder fell and broke the leg of the defendant, Scott, and struck the head of the defendant, Byrd. Byrd died in about a year after the accident and his administrator brought a suit for fifteen thousand dollars, the other suit being for five thousand dollars. City Attorney Scales demurred on the ground that the city was not liable for the acts of the fire department.

WEDNESDAY, OCTOBER 29.

With the opinion in the Gattis-Kilgo case, the State Fair, and one or two other similar items, the Raleigh papers this morning served up some long if not particularly interesting items.

The Raleigh papers have already begun to advertise for missing grips and suit cases. There will be more of this sort of thing before the end of the week.

There is really a good deal in the query of the Atlanta Journal, "Does cigarette smoking cause insanity, or does insanity cause cigarette smoking?"

The Pope is about to outlive his chief physician—a younger man. There are few men in the world with vitality to compare with that of Leo XIII.

The New York Democrats are purely whooping things up. If they keep the good work up next Tuesday will give them a fitting reward. If conditions do show a decided improvement, the credit will be due David B. Hill.

The Supreme Court orders a new trial in the Gattis-Kilgo case. That means more speaking, more money spent, more excitement, more feeling. But we don't blame all the parties concerned for wanting justice.

A matter of thirteen millions dollars is all that Admiral O'Neil, Chief of the Naval Bureau of Ordnance, asks for next year. It costs good money to keep up the military arm of this government.

Mascagni, in an affidavit, resents the assertion of the Musical Union that his musicians should be deported as laborers under the Alien law. Of course that all depends whether or not they play as the Irishman does—by main strength begorra.

You can depend on an ex-Confederate soldier or sailor to be in demand in foreign countries where some high class fighting is desired. Capt. H. H. Manduke, an ex-Confederate, has been put in command of the entire Colombian navy.

A week from today and the election of 1902 will be a thing of the past. It is safe to predict that the Democrats will win a rousing victory. In the State this goes without saying. In the nation we believe that the people are going to rally to the standard of the party which is their best friend.

If the people of Georgia like to see pictures of their distinguished men they ought to feel under heavy obligations to the Atlanta Constitution which has presented all sorts of pictures of Georgia's new governor, Mr. Terrell. Terrell standing, Terrell sitting, Terrell in every posture can be found in the Constitution of the last few days. The Constitution is a great paper anyway.

### A PHYSICAL WRECK

But Not Dying From Fright as was Supposed.

Asheville, N. C., Oct. 28.—H. C. Chidester, who is associated with the defense of the alleged negro rapist, Gus Jenkins, has returned from McDowell county where he went in search of information concerning the movements of the suspected negro. Mr. Chidester said that he had found a number of people who corroborated to some extent the negro's story of his wanderings, but that his search was attended by difficulties.

The negro is fast becoming a physical wreck and some are inclined to the opinion that he is slowly dying from sheer fright. The fright theory, however, was upset this afternoon in a large measure when Jenkins was subjected to a close medical examination. The diagnosis showed the man to have consumption which will go far towards explaining his mental depression. The negro told the physicians that his mind was not disturbed; that all his troubles were physical. He said the charge against him was not causing him any worry, as he could explain at court his whereabouts when the crime was committed.

### HALLOWE'EN

The Time for Ghost Parties is Drawing Near.

All Halloween, Halloween Eve, Halloween, Halloween, Halloween, Halloween. These are the several names given to the evening of the 31st of October. The festival of All Saints' day occurs on the following day, November 1, and this fact has led to the popular belief that the celebration of Halloween is really a part of that festival. That this is a mistaken idea, however, is proven by the best authorities on ancient history.

Halloween, as the night of October 31 is most generally called, is actually a relic of pagan times and was in the earlier Christian days frequently called "Witches' Night". Few indeed were the people of Ireland, Scotland or the north of England, who were so free from superstition as to venture forth during the hours of darkness between the setting of the sun on October 31 and its rising on the following day. For during these hours witches were believed to walk abroad and all supernatural influences to be abnormally active and visible.

The merry Halloween "ghost parties" of modern times, where the guests appear disguised in sheets and pillow cases and white masks, are relics of these early superstitions. It was the early rulers of the Christian church whose magic wand changed the pagan into a Christian festival. The people were accustomed to a festival at this time, and so the early fathers, with a wisdom exercised again and again in similar cases, blessed and "hallowed" it instead of abolishing it.

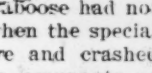

### Bryan Special in Collision.

Cripple Creek, Col., October 28.—The Bryan special crashed into the caboose of a freight train at Orena, in Brown canyon, fifteen miles above Leadville today. The special remained on the track but the caboose was thrown from the tracks and three people saved their lives by jumping. The freight had pulled on a siding to let the special pass. The caboose had not cleared the main line when the special swept around the curve and crashed into the caboose. The occupants of the caboose were warned of their danger in time to save their lives. Mr. Bryan was uninjured. The track was obstructed so that the special could not proceed. Mr. Bryan and his party were put into an empty refrigerator car and drawn by a freight engine, were taken to Nathrop, seven miles away. A new chair car was attached to the engine and run to Buena Vista and Leadville.

### Railway Appointments.

Raleigh, N. C., October 28.—A News and Observer special from Wilmington, N. C., says: Effective November 1, General Manager Kenly, of the Atlantic Coast Line, announces the following appointments: E. Borden, superintendent of transportation, jurisdiction over both divisions; E. B. Pleasant, chief engineer, now engineer of roadway; T. S. Tutwiler, of Savannah assistant chief engineer; J. P. Russell, insurance agent, jurisdiction over both divisions; F. D. Cudlipp, formerly with the Western Union at Richmond, superintendent of telegraph, jurisdiction over entire system.

### Bold Bank Robbery.

Des Moines, Iowa, October 28.—The boldest bank robbery of recent years in Iowa occurred at Prairie City early today. The robbers dynamited the safe of the Iowa State bank and secured an amount approximating \$4,000. They exchanged a fusillade of shots with local officers and escaped. Night Watchman Erskine discovered four men approaching the bank at 1 o'clock. One of the men cornered him and kept him covered with a rifle for three hours, while another broke open the bank door and worked on the safe. The other two men patrolled the street and by a system of signals were able to hold at bay the citizens who were attracted to the scene. Five dynamite shots were fired by the men in the bank before he succeeded in getting to the cash box. The sum secured was mostly silver. At 4 o'clock the four left the bank and disappeared.

### A Pathetic Death.

Chicago, October 28.—Bonnie Hoyt, a member of the chorus of the "Prince of Pilsen Company," now playing at the Studebaker Theatre, died today under pathetic circumstances. Miss Hoyt joined the company in Boston. Two weeks ago she became ill and was removed to the Anna Ross Sanitarium here. Sunday she became unconscious and did not again regain her senses. The cause of death was found to have been peritonitis. None of her relatives can be found to take charge of the body. Her parents are divorced. Her mother, who has married again and whose name is now Mrs. Will Grigsby, is thought to live in Gainesville, Texas. Her father, whose name is not known, is thought to live near Boston. Miss Hoyt's husband, from whom she is separated, is thought to be in vaudeville. His name is not known, nor his whereabouts. Miss Hoyt's baby is with unknown parties in St. Louis.

### Quickest Trip Across Pacific.

San Francisco, Cal., October 28.—The Pacific Mail Company's new steamer Korea arrived at noon today from Yokohama, breaking the record across the Pacific. The steamer made no stop between the coast of Japan and her home port, and came flying through water at the rate of nearly 500 miles a day. From Yokohama, by direct line to San Francisco, is 4,000 miles. The Korea sailed from the Japanese port October 18th and made the passage in ten days, averaging 470 miles a day.

### FORTY YEARS' TORTURE.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of a yone. That is what DeWitt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered forty years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits.

### Boy Killed by Bear.

Hot Springs, Ark., October 28.—At Happy Hollow, a resort near here, which, among other attractions, includes a zoo, a black bear fatally injured Robert Tatum, an 8-year-old boy. The lad was passing the animal which was chained, but came too close and before the horrified spectators could interfere, the brute had the boy hugged to his breast. Then the animal closed his great jaws on the prisoner's head. A keeper pried the bear's mouth open and released the boy, but the boy was unconscious and dying from several fractures of the skull.

Gardiner, representing the Castellanes and the Gould estate, appeared today before Judge Lacombe, in the United States Circuit court, in connection with the entry of an order concerning the payment of the claim of Mr. Worthheimer. The order which was signed, confirms the agreement which provides for the payment to Worthheimer of the sum of \$347,327 in monthly payments, with interest at 4 per cent per annum. The order further provides for the payment of a dividend of 3 per cent to all the creditors and that Mr. Untermeyer shall discontinue the litigation in London and Paris and withdraw the Dittmar suit now pending before the Court of Appeals of this State. This action ends the Worthheimer litigation against the De Castellanes.

### Chicago Wants New Charter.

Chicago, October 28.—A convention of citizens met today under the auspices of the Civic Federation to discuss ways and means of securing for the city of Chicago a new charter. The charter under which the city now exists has, in the opinion of the large number of business men, become ineffective for a place of the size to which the city has grown and they claim that under provisions better constructed to meet present needs, the city can be run more economically and with far better returns for the money expended than is possible under the present charter. After a long debate it was decided to work for a revision of the state constitution, so that a new charter may be prepared.

Vice-President of the Palmetto Club, Memphis, Tenn.  
**WINE OF CARDUI**  
is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body. Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club of that city, speaks for herself and many friends when she bestows the following praise on Wine of Cardui:  
"Among the numerous medicines placed before suffering women for their relief none can touch McBride's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years. Since it brought health and strength to me, I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."  
If you are suffering from female weakness Wine of Cardui is the medicine you need.  
You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.  
A million suffering women have found relief in Wine of Cardui.

Fruit growers shipping by the car load, say that they are the money makers. Men who have introduced other varieties and talked them until they were hoarse, are now bound to acknowledge that these two are the leaders. They are being planted by the thousand. ## PROGRESS OF MOLINEUX TRIAL.

HANDWRITING EXPERT FURNISHES SOME AMUSEMENT TO JURY.

Some Witnesses Are Out of Reach—Various Experts Called Agree in their Conclusions—Harpster Followed the Experts.

New York, October 28.—Interest in the Molineux trial centered today in the efforts of the prosecution to introduce the evidence given at the first trial by two important witnesses who are now in New Jersey and beyond the jurisdiction of the court. The witnesses in question are Mamie Mitchell, the girl formerly employed by Molineux, who testified that she used the three crescent note paper that has figured so prominently in the trial, and Joseph Harpster, a Newark detective, who testified to having seen Molineux on the afternoon the silver bottle-holder was bought.

Great importance is attached to Judge Lambert's decision relative to the admissibility of this testimony, which will be rendered tomorrow morning.

Herbert W. Twitchell, an assistant teller at the National Bank, said he had carefully examined all the handwriting exhibits in the case, the conceded and disputed writings, including the poison package address, and he believed that all were written by the same hand. Mr. Twitchell said on cross-examination that he had rejected signatures at his bank and later they had proved genuine.

Ex-Governor Black read from the evidence Mr. Hay gave at the first trial that it was possible for experts to argue from the same premises and establish different conclusions. In that evidence the witness said the expert would not mention the signs that contradicted the conclusions they were expected to maintain.

"Did you say that then?" he was asked.

"Yes, and I say it now," replied the witness with promptness and composure.

The jury joined in the laughter the witness provoked and to shout "silence!"

They were secretly wed.

Winston-Salem, N. C., Oct. 28.—A secret wedding was celebrated in a dental office here on August 26, and it was not made public until today, when the marriage was announced to take place. The contracting parties were Miss India Kemmerline of the Kernersville's most accomplished daughters, and Mr. Marion Whittington, of Nashville, Tenn. A reception was given at the home of the bride this afternoon.

Fatal Accident.

Richmond, Va., October 28.—Albert Sheppard, 18 years old son of Henry Sheppard, of this city, died today from accidental wounds inflicted while out hunting. Young Sheppard was with a friend near Highland park in a field of birds. His dog flushed a field bird, and the hunter fired at the bird and then passed the gun to his companion. In doing so the weapon which was a hammerless gun, prematurely exploded and inflicted a wound in the upper part of Sheppard's abdomen.

The wounded youth was removed to the city hospital where he died in about an hour after the accident had occurred.

TYPICAL SOUTH AFRICAN STORE.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town.

Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's Remedies. All testify to their value in a household where a doctor's advice is almost out of question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than 74 have been absolutely cured Chamberlain's Cough Remedy. This must surely be a record." For sale by C. E. Holton, Druggist.

## DAUGHTER TO MOTHER.

A Fickle Lover Transferred His Affections.

Syracuse, N. Y., October 27.—John O'Connor, of this city, is in a perplexed position over his love affairs. Recently he went on board with Mrs. Theresa Robyns, of 116 Beecher street. He fell in love with Mrs. Robyns' daughter, Mrs. Theresa Dorschall, who is a charming widow of twenty-six, and she returned his love. The couple were engaged, the banns being read in church. Both mother and daughters are widows. On an ominous day the daughter went to Cortland to stay a few days, and when she came back she found to her astonishment that O'Connor and her mother had fallen in love in her absence and had set the day for their marriage. Mrs. Dorschall got busy and went to the parish priest who was to marry them and told him the circumstances. He refused to marry the pair. Mrs. Dorschall retained Attorney Alexander Oberlander to bring a breach of promise action and a hot fight is expected to determine who shall get the man. Mrs. Robyns is well to do, being worth about \$5,000. Her daughter says that the money is all that O'Connor is after, and that he transferred his affections only after he learned that Mrs. Dorschall had only what she earned.

## A British Threat.

Constantinople, Oct. 28.—Sir Nicholas O'Connor, the British ambassador, has informed the Porte that Turkish troops have advanced into British territory near Aden and that unless they are withdrawn Great Britain is bound to expell them. A ministerial commission deliberated on the question Sunday. The second dragoon of the British embassy has started for Aden. A boundary commission is now delimiting the Anglo-Turkish frontier.

**BRAIN-FOOD NONSENSE.**

Another ridiculous food fad has been  
branded by the most competent au-  
thorities. They have dispelled the silly  
notion that one kind of food is needed  
for brain, another for muscles, and  
still another for bones. A correct diet  
will not only nourish a particular part  
of the body, but it will sustain every  
other part. Yet, however good your  
food may be, its nutrient is destroyed  
by indigestion or dyspepsia. You  
must prepare for their appearance or  
prevent their coming by taking regular  
doses of Green's August Flower, the  
favorite medicine of the healthy mil-  
lions. A few doses aid digestion, stim-  
ulate the liver to healthy action,  
purifies the blood, and makes you  
feel buoyant and vigorous. You can  
get this reliable remedy at C. E. Hol-  
ton's drug store. Get Green's Special  
Almanac.

The duel  
in the  
dark was a fa-  
vorite with duellists.  
Two men were  
locked in a dark  
room and crawled  
stealthily from  
corner to corner,  
until some false  
step made one of  
them the target  
for bullet or blade.  
Life is a duel  
in the dark with  
disease. One false step, one mistake,  
and the attack comes swift and sudden.  
The mistake which commonly opens the  
way for an attack by disease is neglect  
of the symptoms of stomach trouble.  
When eating is followed by undue full-  
ness, belchings, sour or bitter risings,  
etc., disease is attacking the stomach.  
The best way to frustrate such an at-  
tack is to use Dr. Pierce's Golden Med-  
ical Discovery. It cures diseases of the  
stomach and other organs of digestion  
and nutrition, and makes the body  
strong and healthy.  
"I was suffering very much with my head  
and stomach," writes Mrs. W. C. Gill of  
Shelby Co., Ala., "head was so dizzy when I  
would raise up in bed would fall right back.  
Could eat but very little, in fact scarcely any-  
thing, there seemed to be a heavy weight in  
stomach so I could not rest; I had to belch very  
often and would vomit up everything I ate.  
I was in a bad condition. I took four bot-  
les of Dr. Pierce's Golden Medical Discovery  
and five of his 'Favorite Prescription' and am  
now well and hearty. I feel like a new woman  
and give Dr. Pierce's medicines credit for what  
I had taken medicine from physicians without  
any benefit as I could see."  
Dr. Pierce's Common Sense Medical  
Adviser is sent free on receipt of stamps to  
pay expense of mailing only. Send  
21 one-cent stamps for the paper cover, the

**THE WORST FORM.**

Multitudes are singing the praises of  
Kodol, the new discovery which is  
making so many sick people well and  
weak people strong by digesting what  
they eat, by cleansing and sweetening  
the stomach and by transforming their  
food into the kind of pure, rich, red  
blood that makes you feel good all  
over. Mrs. Cranfill, of Troy, I. T.,  
writes: For a number of years I was  
troubled with indigestion and dyspep-  
sia which grew into the worst form.  
Finally I was induced to use Kodol  
and after using four bottles I am en-  
tirely cured. I heartily recommend Ko-  
dol to all sufferers from indigestion  
and dyspepsia. Take a dose after  
meals. It digests what you eat.

**At the Grand.**

When Pete Baker, the eminent Ger-  
man Dialect Comedian and vocalist  
determined to forsake vaudeville, in  
which he has been one of the brilli-  
antly conspicuous successes for several  
seasons, he cast about for a play in  
which to exploit his own talents and  
those of an extraordinarily strong  
company he had gathered for the new  
invasion of his old field. He had many  
offers but he agreed with many ad-  
visers that none of them equaled his  
charming success, "Chris and Lena",  
with which he had long amused and  
entertained his thousands of admirers.  
And so it happens that on his return  
to comedy drama he will appear in a  
grand revival of "Chris and Lena".  
He has equipped it with an elaborate  
new scenic dress, added new effects,  
brightened it with new lines and  
adorned it with new songs and new  
music. At the Grand tomorrow night.

Nixon and Zimmerman's production  
of the London Gaiety Theatre success,  
"The Messenger Boy" with Frank  
Deshon in the title role has proven one  
of the greatest musical hits of recent  
years. Mr. Deshon who has been well  
and favorably known in this vicinity  
for a number of years has never been  
better equipped than at present. The  
part of the "boy" affording him ex-  
cellent opportunities to create laugh-  
ter. Over one hundred people are em-  
ployed in the cast, including 60 very  
beautiful young women. The music is  
especially attractive and before long  
everybody will be whistling "Pansy",  
and "Has Anybody Seen Our Cat?"  
"The Messenger Boy" will be the at-  
traction at the Grand Saturday, Nov.  
1st.
